Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding EICC guidance within Southport and Formby CCG.

Request/[Response](#):

- Confirmation of whether the NHS South Sefton CCG has implemented NHS England guidance Excellence in Continence Care, published in December 2015
- Minutes of any meeting confirming the implementation of such guidance

[At present the CCG has not implemented the Excellence in Continence care guidelines.](#)

[We recently undertook a procurement exercise to find a new provider of community services, this concluded with the new provider mobilising services in May 2017. Since this date the provider has been undertaking a baseline review of services, and we would anticipate implementing elements of the guidance as the CCG moves into a period of transformation.](#)
