Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding CHCX Agencies and Services within NHS Southport and Formby CCG.

Request/[Response](#):

1. Please supply me with the names of the companies that provide catheter care

NHS Southport and Formby CCG are unable to provide you with a list of companies who provides catheter care as this is person specific depending on individual circumstances.

A care plan submitted by the District Nursing (DN) team would identify what the requirements are for catheter care which would then lead to an assessment being carried out by the Domiciliary Care Provider. If the catheter care intervention is too complex for the care agency then the DN team would provide this as part of the core commissioned services and as part of the care plan.

2. I asked for the names of the 10 companies CHC/CCG had tried to cover Alphacare, Jo Ryder refused to give me this information. I now therefore in the interest of transparency for myself and my MP, I demand to see the 2 different lists of companies that have been approached over these various issues

The CCG approached 9 domiciliary care providers and they are listed below:-

- Mountbatten
- PCS
- Assured Care
- CCD
- Care Concern
- Attention to care
- Life your way
- Delta Care
- Alphacare
