Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding organisations internal plans and strategies around Information Technology within South Sefton CCG.

Request/Response:

I wish to submit a new freedom of information request relating to the organisations internal plans and strategies around the following departments:

Information Technology

- a. IM&T, IS, ICT Strategy 2016 (Not Clinical Strategy)

The IM&T Strategy for NHS South Sefton CCG is contained within the ILINKS Transformation Programme. This programme covers the IM&T Strategy of local organisation across the Health Economy and is available in the public domain for information please see appendix 1.

In addition to this, the CCG is part of the Local Digital Roadmap and has a strategy which is also available in the public domain for information please see appendix 2.

- b. IM&T, IS, ICT Business/Departmental Plan 2017/18- Update/Version
- c. IM&T, IS, ICT Department Org Chart

For b & c – NHS South Sefton CCG commission all of its IM&T services from Informatics Merseyside, its local IT delivery partner and therefore does not have an ICT Business/Departmental plan or an organisational chart as it does not employ any IM&T staff.
