## Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding management consultancy services within NHS Southport and Formby CCG.

### Request/Response:

I am looking at long term trends across the NHS on management consultancy spends and the Department of Health have already supplied data on NHS Trusts, NHS England and historical data on PCTs and SHAs. The information I am requesting from you is to ensure the data encompasses all NHS spend over time.

I would like to request:

- any data you have on the amount spent by NHS Southport and Formby CCG on management consultancy broken down by year from 2012/13 – 2016/2017.

NHS Southport and Formby CCG did not become a statutory body until 1 April 2013.

The consultancy spends for periods 2013/14 – 2016/17 is published in our Annual Report and Accounts. Please see the link below

<http://www.southportandformbyccg.nhs.uk/get-informed/publications/?category=1723&title=>

- any planned expenditure on management consultancy fees for 2017-18.

For 2017/18, forecast consultancy spend is £52,400 – this is correct as at the reporting period of month 3 (June 2017), however this is reviewed and adjusted to reflect the most up to date information on a monthly basis.
