Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding spinal cord injuries within NHS Southport and Formby CCG.

Request/Response:

I would like to submit a freedom of information request to understand the ongoing care provided to people with spinal cord injuries, acute brain injury, respiratory/ventilation issues, learning disabilities, and epilepsy by your Clinical Commissioning Group. I am looking for the total number of patients receiving residential, live-in and live-out care and your spend on them, split by condition, age and year from 2013 to 2019.

NHS Southport and Formby CCG does not hold the information for the majority of your request, the table below provides the data on Learning disabilities spend.

Year	Spend	Count
2013/14	N/A	N/A
2014/15	£1,217,036	28
2015/16	£1,286,257	28
2016/17	£1,133,246	32
2017/18	£1,306,176	33
2018/19	£1,094,002	31
2019/20	£629,036	31

* Please note the data cannot be split by the age of the patient

**Please note the 2019/20 figure is based on YTD actual at end of month 5.

Should you require any further information, clarification regarding this response or do not feel that your request has been answered as you would expect, please contact us to discuss.

We also wish to take this opportunity to inform you that a formal complaints and internal review process is available, which will be managed by a FOI Appeals Officer.

This can be formally requested and must be done within a reasonable period of time (3 calendar months) from the date this response was issued.
