Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding HOS-AR services within NHS Southport and Formby CCG.

Request/Response:

I was hoping you could provide me with some information in relation to services that were tendered in 2015. The North West Commissioning Support Unit, acted on behalf of NHS South Sefton Clinical Commissioning Group and NHS Southport & Formby Clinical Commissioning Group to procure the Home Oxygen Assessment and Review services.

I believe that the contract start date was 1st April 2016 for an initial two year period with a 12 month optional extension.

Could you please advise of any future procurement intentions for this contract and if/when you are expecting to release a tender?

[NHS South Sefton CCG and NHS Southport & Formby CCG is currently considering its options for the re-procurement of this service. We plan to be able to share this in early 2020.](#)
